THREE HALFPENCE

I was delighted to get your card both Stockbridge news. Send me some more of it. We are now with the W. & leaving a glorious time am still very lame & can't play golf but have hopes of starting again soon. My accident knocked my golf in the head but hasn't marred my pleasure in the least. We pour play in the French Championship at St Tondut on June 2nd which ought to be very amusing. I go to the opera next week in the King's box. Yours ever dear! R. S.
